Although the organic gluten-smart crust is entirely gluten-free, the nature of our operations and open-concept kitchens present inevitable flour cross-contamination and therefore gluten exposure. This crust is NOT recommended for celiac disease sufferers or those customers with a moderate to high gluten intolerance or sensitivity. Nutrition information for all Panago Pizza menu items is based on Panago standard recipes. Due to the handcrafted nature of these products, nutrient values may vary from those published here. New product introduction, ingredient changes or recipe changes during the life of this publication may cause this information to be incomplete. Panago nutritional values are generated through a standardized database. For the most up to date nutritional information please visit panago.com.
